

REMARKS

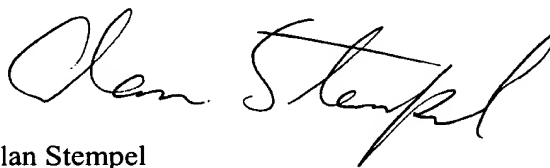

1. Claims Pending

Claims 1-7 were and remain pending and under consideration.

2. Claim Amendments

Claim 5 has been further amended herein by adding to it a 20th compound, designated (t). This compound is 3-Z-[1-(4-(N-((4-methyl-piperazin-1-yl)-methylcarbonyl)-N-methyl-amino)-anilino)-1-phenyl-methylene]-6-methoxycarbonyl-2-indolinone. It is described in the specification on page 226 as compound No. 473. Because there is descriptive support in the specification, adding this compound to claim 5 does not introduce new matter. It should be further noted that this compound is the species elected in applicant's Response mailed on February 27, 2002.

Respectfully submitted,

Alan Stempel
